May 2023

FRIDAY, June 2nd – SUNDAY, June 4th

It's time to clean out those attics, basements, and garages for the annual Spring Clean Up Weekend! Friday June 2nd – Sunday June 4th (drop off times will be included in the June newsletter).

Disposal cost is free for city residents (who currently pay for garbage services billed through the City of Salix). All drop-offs will be checked by an attendant.

Paint, tires, cement, broken glass, construction material or hazardous materials are not accepted.

There is a \$25 charge for each TV disposal. Cash accepted by attendant or you may ask to have it charged to your garbage bill.

Most appliances will be accepted (ie: stoves, washing machines, dryers, air conditioners, microwaves, water heaters, etc.) but are to be placed on a separate trailer for recycling.

DISCONNECTION OF WATER SERVICE

Water/Sewer/Garbage bills are mailed around the 1st of each month. They are due by the 15th. On the 16th, if payment has not been made a 10% penalty is added to the account.

If payment is not received by the 20th, disconnection notices are sent. **The disconnect letter is the final notice. The City Clerk will not make courtesy calls to repeat offenders to warn of disconnection.** If the water is disconnected, an additional trip charge of \$25 to turn off and \$25 to turn on will be applied to the bill.

Triple C Pest Control will begin fogging for mosquitos on Monday evenings starting near the end of May (weather permitting). While the insecticide is safe for people, animals and plants, it is not recommended to intentionally breathe the mist.

Congratulations Graduates!!

MEMORIAL DAY HOLIDAY GARBAGE PICK UP WILL BE ON TUESDAY, MAY 30th

The last day of school for Westwood students is May 23rd. Please slow down and watch for children playing!
